Mission

To educate administrators, teachers and football coaches on the latest professional services in order to assist student athletes in reaching their goals both in the classroom, on the field and in life.

Vision

To promote amateur interscholastic athletics as an integral part of the educational experience by developing cutting edge programs and services.

Goal

Equip coaches to lead men.

AzFCA MEMBER SERVICES

Annual Coaching Clinic

Members receive free admission to the spring coaching clinic held each year. This time is used to share information and educate football coaches and administrators on advances within the coaching profession as it pertains to technique, safety, health, program development, game planning, etc.

Annual All Star Game Festival

Members selected players can participate for free. The all star festival is held once a year to award players for their accomplishments both on and off the field. The four-day event consists of practices, housing, meals and activities focused on educating players and parents on educational opportunities available to student athletes. The week event ends with two all star games for the players to participate in. Games held; 1A, 2A-5A and Arizona vs. California.

Mentoring Program

The Mentoring Program is a ten month program designed to inform, educate and provide guidance for student athletes, and current and potential coaches that are considering making the football profession (coaching or playing) a career. Focus is placed on bridging the generational coaching gap by building a network of coaches dedicated to developing student athletes. Our goal is to inspire and equip coaches to lead men. Participants receive development hours.

Winter College Showcase

Members and players can attend the showcase for free. The Winter College Showcase is held during the Football Championship weekend. Our high school head coaching members have the opportunity to talk with college coaches from across the nation in an attempt to place their student athletes. Student athletes have the opportunity to display their athletic ability to college coaches by completing agility drills. The objective of this event is to showcase our junior and graduating senior student athlete football players. It is our goal to assist student athletes in finding financial assistance in attending a college or university.

Recruiting/Combine Prep Clinics

Members players and parents can attend for a reduced fee or for free. Clinics are held throughout Arizona. The focus of these clinics is to educate players, parents, coaches and administrators on the recruiting process while focusing on academics and financial aid. Athletic training drills are also presented in an attempt to educate coaches and players on proper techniques.

Spring College Showcase

Members players and parents can attend for a reduced fee or for free. In an attempt to help freshman, sophomores and juniors receive more recognition among college coaches, the AzFCA holds a skills showcase clinic in conjunction with NCAA spring recruiting. The showcase includes field activities and classroom teachings on academics and financial aid.

AIA Football Advisory Committee Support

The AzFCA provides a real voice for football coaches by providing an information exchange to and from the AIA Football Advisory Committee. The AzFCA board is also coordinating efforts with all Arizona coaching associations to develop an Arizona Coaches Committee so that coach's representatives from each sport can meet to discuss issues that impact athletics as a whole.

Social Media (Information Depot)

The AzFCA keeps all coaches and student athletes up to date and educated on everything related to Arizona football through its website, Facebook and Twitter.
